Several staff members and the Owner's Representative attended the American Public Transportation Association annual conference. The conference is an excellent opportunity to make sure the RTA keeps up with the industry, particularly with mobility and connectivity.

Christina Hankins, RTA Admin Support, stated that staff have been working to establish the RTA as a designated recipient for FTA funding, which includes updating our policies and procedures, including the RTA's procurement policies. Staff anticipates bringing that policy to the board as an informational item for review in November and then bringing the item back in December for board approval. In November, staff will bring a Memorandum of Understanding between the Central Oklahoma Transportation and Parking Authority and the RTA for admin services for board approval.

## BOARD OF DIRECTORS MEETING AGENDA

5. Owner's Representative Report – Kathryn Holmes, Holmes & Associates LLC

Kathryn Holmes, Owner's Representative, stated that she toured the BNSF corridor in a hi-rail vehicle, which is a hybrid between a suburban and a rail car. During the tour, some of the station locations that were selected were identified as problematic. Admin staff will be reaching out to schedule meetings with the member cities to discuss the issues with the station locations. BNSF has a very aggressive schedule to deliver the 15% designs. BNSF plans to have an inperson workshop in Ft. Worth in mid-November, a second workshop in Ft. Worth in mid-January, and final conceptual plans available in mid-February. There is an ongoing discussion with BNSF regarding sharing platforms with Amtrak.
